Every aspect of your UniSA Online degree is designed and delivered by UniSA’s very own experienced academics and online learning experts. This differs from many other online university providers.

As a student, you’ll benefit from our academic and curriculum expertise, extensive industry connections and leading-edge research into online learning.

We collaborate, we innovate, and we’re constantly implementing new ideas, solutions and strategies to improve our courses and support services so that you get the very best out of your time with us.

We exist to create exciting futures through online learning. We’re 100% focused on providing the best experience and outcomes for our students.

No matter where you live or how busy your life might be, you’ll engage with a team of passionate and experienced people who are committed to ensuring you have an outstanding, high-quality education.

BUILDING ON 25+ YEARS OF DELIVERING ONLINE AND DISTANCE EDUCATION.

We have a long tradition of off-campus learning, establishing the UniSA Distance Education Centre more than 25 years ago. Our centre was designated as one of eight national Distance Education Centres in Australia and was one of the largest providers of distance education in the country.

UniSA Online builds on the University’s history and experience, opening up more opportunities for people to earn a degree and take charge of their career.

With more than 32,000 students across six campuses, and 5,000 students studying online, you’ll join a diverse community of learners and award-winning teachers.
UniSA undergraduates studying online have graduate employment rates well above the national average*.

Always innovating, we’re putting our expertise into providing a new suite of high-quality, 100% online undergraduate courses for you to study anytime, anywhere.

We’ve developed each and every one of these degrees from scratch – at every point, considering how we can teach to the highest standards in an online environment, while maintaining a focus on developing the skills employers are looking for today.

UniSA has a long and proud history of reaching out and bridging barriers to educational access, dating back to the 1990s when we were one of the largest providers of distance education in Australia.

A few generations on and UniSA Online is the next step in that evolution. As Australia’s University of Enterprise and a university that prizes our close relationships with business, industry and the professions, we are reflecting that relevance in the design of all of the UniSA Online degrees so that learning activities reflect real work environments.

This is your opportunity to upgrade your career, or change your future with one of Australia’s largest online education providers**. I wish you all the success in the world as you take these next steps with us and enter the world of education On Demand through UniSA Online.

At UniSA Online, our purpose is to create exciting futures through online learning.

For a majority of our students, studying online is a necessity, simply due to the demands of working full-time and having a family. We’ve redesigned the whole experience around the needs of online students. We’re committed to exceeding your expectations through the quality of our learning resources, the effectiveness of our teaching and our proactive academic and student support services.

Our team truly value the connections we make with our students. To see people who are actively making their dreams a reality, is both inspiring and rewarding. We look forward to welcoming you to UniSA Online.”

Tom Steer
Executive Director: UniSA Online

“Our degrees are designed by academic experts who have strong links to employers. This relationship ensures you’ll be equipped with the most current information needed to be successful in your career. We engage our students in innovative, quality learning experiences within a supportive environment that develops leadership skills and fosters confidence in discipline knowledge, problem solving and critical thinking.

Embarking on a university degree is an exciting milestone in life – and UniSA Online will play an important part in helping you achieve your career goals.”

BENEFIT FROM 100% ONLINE STUDY

Designed specifically for online learning
Learn through media-rich course material, short engaging videos, and interactive activities such as quizzes, forum posts and online face-to-face discussions. Your degree has been designed specifically for online learning to ensure you graduate with the skills and knowledge needed for your future career.

100% online – no need to come onto campus
Everything from your course content to weekly activities and assessments is 100% online. You’ll communicate with academic staff and students via live messages, online discussion forums and email. You’ll never need to set foot on campus, which is perfect if you wish to continue working while you study.

Plan your study schedule ahead of time
All of your course content is available before your term starts. This means you can log in and have a look at your learning materials, weekly activities and assessments ahead of time. You’ll have the ability to organise your study schedule and factor in family, work or life commitments in advance.
If you know you’ve got a busy week coming up, you can complete your course readings or assessments beforehand so you don’t fall behind.

Fit life around study
Full-time students study two courses each term. It makes earning a degree completely achievable, especially if you’re working. Your degree is delivered over four terms each year. Each term runs for 10 weeks with 2-week breaks in between each term.
You’ll also have the option to go part-time, or switch between the two. If you need to take a break in your study, that’s an option too. We recommend speaking to your Student Adviser who can help you update your study plan and check when your courses are offered.

STUDYING A DEGREE IS COMPLETELY ACHIEVABLE.
2 COURSES EACH TERM X 4 TERMS = FULL-TIME STUDY

“Like most mature students, I was concerned about my academic ability having been away from study for so many years. I was relieved when I saw that UniSA Online provides so much student support and many helpful resources to combat these fears. From my first enquiry, I was welcomed by friendly degree and student advisers who were ready to encourage and guide me.”
Contact online academics seven days a week
You’ll be supported by our highly experienced academic team of Online Course Facilitators and Online Tutors. Our academics will guide you through your learning and ensure you have an outstanding, high-quality education.

They can help you with your course materials and assessments, provide feedback on your work, assist you with referencing as well as answer any other course-specific queries.

You’ll be able to contact your academics via email, online discussion forums and live messages in the online learning environment. You can also communicate in real-time and chat face-to-face with your academics online.

Receive dedicated Student Adviser support
Your Student Adviser will be an important part of your university experience. They can help you enrol, plan your courses, or discuss personal circumstances that may impact on your studies. They’ll link you to other support services in the University and can help you schedule appointments if required.

Get tech support around the clock
Our IT Help Desk is available 24/7 to provide assistance with your computer set up, student email, software requirements and other UniSA apps and student applications. You’ll be able to get support no matter what time it is.

Access free software and resources
Download the full Office 365 ProPlus suite, which includes full versions of programs like Word, PowerPoint, Excel, Outlook and OneNote. Along with 1TB of personal storage that syncs with your PC or mobile device, you’ll also have free access to more than 5,000 video courses on Lynda.com.

Check your device
See if your device has the minimum IT requirements to study online. You’ll be able to check the speed of your internet connection and see if you have the system requirements to sit online exams. The computer system test takes just a few seconds.

General Manager of Marketing, Brand and Insights
Foodland Supermarkets

“I lead a team that’s responsible for Foodland’s advertising, communications, media, sponsorships, public relations, and consumer insights.

No two days are ever alike. One day, I might be planning the next advertising campaign and media schedule, the next I could be talking about opportunities with a new sponsor and planning point of sale material.

Having such a diverse skill set in both marketing and communications, while staying abreast of all the digital platforms, is pivotal to my role.”
