2017 THE Top 200 Under 50

OVERALL FIVE-STAR RATING
2018 QS Stars Ratings
Since 1991, our students have been able to graduate with a UniSA degree without having to travel to a physical campus.

UniSA has a long tradition of off-campus learning, establishing a Distance Education Centre more than 25 years ago. Designated as one of eight national Distance Education Centres in Australia, it grew to serve more than 4,000 students, and was one of the largest providers of distance education in the country.

Seen as a leader in the field, UniSA played a major role in establishing Open Universities Australia – and our commitment to delivering high-quality online education continues to this day.

UniSA Online builds on the University’s history and experience, opening up more opportunities for people to earn a degree and take charge of their career.

With more than 32,000 students across six campuses, and 5,000 students studying online, you’ll join a diverse community of learners and award-winning teachers.

UniSA’s DIGITAL LEARNING FUTURE

UniSA Online is a key part of the University’s Digital Learning Strategy 2015 – 2020. The flexibility to study on campus and online is something our students value immensely. Through our Strategy, we will deliver an engaging curriculum, support our students to be productive professionals in a digital age, expand our flexible learning arrangements, develop our academics to be leaders in the digital learning experience, and inspire the entire UniSA community through lifelong learning.

unisa.edu.au/digitallearning
UniSA undergraduates studying online have graduate employment rates well above the national average*.

Always innovating, we’re putting our expertise into providing a new suite of high-quality, 100% online undergraduate courses for you to study anytime, anywhere.

We’ve developed each and every one of these degrees from scratch – at every point, considering how we can teach to the highest standards in an online environment, while maintaining a focus on developing the skills employers are looking for today.

UniSA has a long and proud history of reaching out and bridging barriers to educational access, dating back to the 1990s when we were one of the largest providers of distance education in Australia.

A few generations on and UniSA Online is the next step in that evolution. As Australia’s University of Enterprise and a university that prizes our close relationships with business, industry and the professions, we are reflecting that relevance in the design of all of the UniSA Online degrees so that learning activities reflect real work environments.

This is your opportunity to upgrade your career, or change your future with one of Australia’s largest online education providers**. I wish you all the success in the world as you take these next steps with us and enter the world of education On Demand through UniSA Online.

Professor David G. Lloyd
Vice Chancellor and President

In her role as Academic Director, Associate Professor Barbara Parker leads the UniSA Online academic team.

“Our degrees are designed by academic experts who have strong links to employers. This relationship ensures you’ll be equipped with the most current information needed to be successful in your career. We engage our students in innovative, quality learning experiences within a supportive environment that develops leadership skills and fosters confidence in discipline knowledge, problem solving and critical thinking.

“Embarking on a university degree is an exciting milestone in life – and UniSA Online will play an important part in helping you achieve your career goals.”

Associate Professor Barbara Parker
Academic Director: UniSA Online

As the founder of MOOCs (Massive Open Online Courses) and President of the Society for Learning Analytics Research (SOLAR), Professor George Siemens is excited to bring his expertise to UniSA.

“Pioneering research into what it means to learn in the digital age, UniSA is applying fresh insights about how we learn into its new 100% online degrees and curriculum to deliver a more connected learning community and an enhanced online student experience.”

Professor Siemens is regarded for his research in networks, analytics, wellbeing and open connected learning.

Professor George Siemens
Professor and Executive Director at the Learning Innovation & Networked Knowledge (LINK) Research Lab, University of Texas at Arlington
UniSA Crossing the Horizon Professor

WHY STUDY ON DEMAND?

Designed specifically for online learning

Our team of academic and online experts has created interactive and media-rich course material using innovative digital technology and state-of-the-art teaching and learning resources. Every degree has been designed specifically for online learning to ensure you graduate with the skills and knowledge needed for your future career.

100% online – no need to come onto campus

Our degrees are delivered 100% online so you can Study On Demand. We’ve made everything completely accessible online which means you’ll never need to set foot on campus – all of your assessments including exams (if required) are fully online, which is perfect if you wish to continue working while you study.

Plan your study schedule ahead of time

Studying with UniSA Online means there is no need to be online at a set time – you can log in whenever it suits you. Unlike a traditional degree, there is no need to attend lectures or tutorials in person – you don’t even need to wait for next week’s course materials. All content is available from day one of your course, so you’ll be able to plan your study schedule in advance, and engage with learning materials and activities at your own pace, whenever it suits you.

Flexible around your life

UniSA Online degrees are delivered over four terms per year - so if you study two courses each term (which is equivalent to a full-time load), you’ll finish your degree in three years. It’s an extremely flexible option for students who wish to work while they study.

You’ll also be able to dial up or down your study load to fit in with your life. If you’re busy with work and personal commitments, you’ll have the option to study one course per term - or even take a term off. Simply pick up where you left off.
Support seven days a week

OUR SERVICE COMMITMENT TO YOU

Whether you need help with assignments and referencing, or require administrative or technical support, you’ll have On Demand access to a team that’ll be there to support you, every step of the way. As a UniSA Online student, you’ll engage with people who genuinely care about helping you achieve your very best.
Dedicated Student Adviser support
Our Student Advisers will be an important part of your student journey – they’ll help you enrol, discuss your study goals, communication preferences, and will be your first point of call for all your general study questions. They’ll link you to an extensive range of support services and resources across the University and will help schedule appointments with specialised services if required.

Online tutors seven days a week
Our tutors will provide highly personalised support tailored to your needs. Along with guidance on assignments, they’ll provide advice on writing and referencing. If you have a question related to your course, you can expect to receive a response within 24 hours. Tutors are available seven days a week, including weeknights.

Tech support around the clock
Our IT Help Desk is available 24/7 to provide assistance with your computer set up, student email, software requirements and other UniSA apps and student applications. You’ll be able to get support no matter what time it is.

Access free IT software and resources
You’ll get free access to the full Office 365 ProPlus suite, which includes full versions of programs like Word, PowerPoint, Excel, Outlook and OneNote. Along with 1TB of personal storage that syncs with your PC or mobile device, you’ll also have free access to more than 5,000 video courses on Lynda.com.

Check your device
Our computer system test will determine if your device has the base system resources and software required to study online. It’ll also check the speed of your internet connection. See if your computer, laptop or device is all set up and ready to go – it takes just a few seconds.

Scholarships and grants
Apply for a range of scholarships and grants when you enrol into a UniSA Online degree. Conditions apply – visit unisaonline.edu.au/scholarships

Online study support and student services
You’ll have access to an online hub packed with study resources, all aimed at helping you achieve your very best throughout your studies. You’ll also have access to personalised career advice, counselling and wellbeing services, disability support, Wirringka Student Services, Learning Advisers, library staff and more over extended hours.

Your online, On Demand study experience

24/7 interactive online environment
Our interactive online environment is a one-stop-shop for all your study needs. Track your progress through the student dashboard, plan your study schedule, and receive reminders on due dates for tasks and assessments. It’s like your very own personal study coach.

Learning resources at your fingertips
Access a library of more than 700,000 digital resources including e-books, videos and journal articles, right at your fingertips. If you can’t find what you’re after, our Ask the Library virtual service will assist you to locate, access, evaluate, use and reference a range of information resources.

Passionate teachers with industry experience
Passionate about online learning, our teaching staff are subject-matter experts who are committed to delivering high quality and personalised support to help you thrive in your studies. They understand the unique needs of online students and will help you navigate the online course materials, resources and technology, so you can get the most out of your study experience.

Expand your professional network from wherever you are
Online study doesn’t mean studying on your own. You’ll connect with a community of other like-minded students as you share, debate and collaborate ideas through virtual classrooms, online chat, video conferencing, and other online communication tools.

Industry approved, quality assured
Our industry connections will enrich your online study experience. Each degree has been designed in conjunction with industry experts and is overseen by an experienced industry advisory board with a wealth of experience. You’ll learn the most cutting-edge developments in your field, while gaining real-world experience by solving problems that organisations face today.
Take your career to new heights

Access an extensive suite of online resources purposely designed to help build your employability.

As a UniSA Online student, you’ll have all the information and resources you need to make informed choices for your career. From updating your resume to writing a winning cover letter, or preparing for an upcoming interview – we’ll help you put your best foot forward.

Get personalised career advice

Our Career Advisers are available for online appointments if you need guidance on your career development, are looking for advice on choosing the right electives or want to develop a job search plan. We genuinely care about seeing you succeed – and our commitment to your career doesn’t end once you graduate. In fact, you’ll have access to career advice and support for up to 12 months after you graduate.
Talk to industry representatives
Engage with industry representatives and network with people in your profession while you’re studying.
Talk to industry representatives who have a wealth of professional experience, or graduates who have gone on to exciting roles in your chosen field.

Search for employment opportunities
UniSA Career Services promotes a range of employment opportunities via our online job board, UniSA CareerHub.
You’ll find casual, part-time or full-time employment, graduate and vacation opportunities, internships as well as a range of Australian and international volunteering opportunities.

GRADUATE SPOTLIGHT

Artyom was working in the retail industry when he decided to pursue a career change in PR and communication.

“The flexibility of online study allowed me to study from the comfort of my own home, and pursue an education that I otherwise would not have experienced – all of which have now helped me further my career.”

Aside from coffee, the online learning platform and the digital tools available helped Artyom stay on top of his study.

“There are a myriad of tools and resources available which not only assist in managing your workload, but also assist in communication with your tutors and peers.

The tutors are always available to answer your questions, through a number of channels like email, message boards, social media and virtual classrooms.”

Complement your digital media expertise with electives from a range of disciplines including business, marketing, IT and data analytics, and communication.

STUDENT SPOTLIGHT
With aspirations to become a film editor, Jessica decided online study was a great option to complete her degree while she was travelling.

“I was able to choose my own schedule and travel without having to take time off from uni.

“While I was travelling I was able to film footage for my film production. It was great to have amazing content to work with.

“I chose to study online because of the flexibility and freedom to work at my own pace, as well as the ability control my own schedule and access course material at any time.

“The teaching staff are very helpful, provide timely responses to queries and clearly communicate all elements of the course.”

Jessica Ryall

GRADUATE SPOTLIGHT
Megan hadn’t studied for nearly 23 years and was afraid she wouldn’t be able to immerse herself as a full-time uni student.

“Prior to studying online, my computer skills were only ‘work standard’ and the concept of submitting an assignment was completely out of the realm of possibility.

“Over the course of the last three years, online study has allowed me to become not only an independent learner but an experienced and aware student.

“The confidence I have gained through exploring the online portals, forums and UniSA website has been invaluable.

“Through my online studies, I’ve developed self-led learning techniques that have continuously supported my learning.

“The knowledge and skills I’ve gained have been invaluable in my professional career.”

Megan Brewer
UniSA Social Work (Honours) graduate SA Health, Allied and Scientific Health Office.

INDUSTRY SPOTLIGHT
Frank has more than 20 years of experience in the aged care industry and is the previous recipient of Safework SA, Australian and Better Practice awards.

As the Director of Major Initiatives and Innovation at The Society of Saint Hilarion Inc Aged Care, Frank believes the Community Health degree is crucial in preparing professionals to enter this booming field.

“With the advent of the National Disability Insurance Scheme and Consumer Directed Care playing a major part in the Aged Care sector, it will be vital for organisations to have access to appropriately trained professionals.

“This degree will lead the way for many providers to access people with a skilled and holistic view for working with people in community care.”

Frank Naso
Director of Major Initiatives and Innovation,
The Society of Saint Hilarion Inc Aged Care
Bachelor of HEALTH SCIENCE (NUTRITION AND EXERCISE) XBNE

Elective

* 2015 Excellence in Research for Australia (ERA)

INDUSTRY SPOTLIGHT
As an experienced paediatric dietitian, Julia says graduates need to possess practical skills and knowledge to forge a successful career in the health industry.

“Nutrition is a rapidly expanding field that is recognised as one of the key factors in minimising poor health outcomes. It’s important to ensure that individuals working in the health sector have the right qualifications.

“Nutrition is a complex science and nutrition guidelines and research often need translating for people to readily use in their day-to-day lives.

“Graduates of this degree will be well placed to understand the fundamentals of nutrition science, and how to apply it at an individual and population level.”

Julia Boase
Accredited practicing paediatric dietitian, accredited nutritionist, Director and Co-Founder of Bloom Nutrition Studio

IN AUSTRALIA, OBESITY IS PROJECTED TO EXCEED 70% BY 2025. MORE SPECIALISTS IN EXERCISE, DIET AND MENTAL WELL-BEING WILL BE REQUIRED TO ADDRESS THE INCREASING PREVALENCE OF DIET AND LIFESTYLE RELATED DISORDERS.

CSIRO, Tomorrow’s Digitally Enabled Workforce, 2016
Fascinated by Big Data, Richard was determined to advance his skills in statistics and programming.

"For me a university degree was an opportunity to retrain; to learn a new discipline that encompasses amazing statistical techniques that use some incredibly advanced technology. This is obviously a discipline on the rise, it’s rapidly evolving."

Along with the flexibility of online study, the online resources and support services were crucial in contributing to Richard’s university experience.

"Staff were very responsive and more than happy to work through challenges, even outside normal office hours. The online library and free access to otherwise expensive academic papers were also very useful.

"It’s only early days in my professional career, but the skills I’ve developed have given me an edge in my current role.

"I now have tangible skills in multiple programming languages and models that I can adapt to various situations, forming part of a data science toolkit that I can take anywhere."

Richard Shanahan
UniSA Data Science graduate
Tic:Toc Home Loans
Bachelor of CONSTRUCTION MANAGEMENT XBBE

DEGREE INFO
Selection Rank (ATAR).................................................................NEW
Start dates..............................................................January, April, June, September

Advanced Contract Administration

ACADEMIC SPOTLIGHT
As an Online Course Facilitator, Peta brings her industry experience and knowledge into the design of the Construction Management degree.

“For many years, I have developed and delivered courses as part of UniSA’s Civil Engineering degree. With extensive experience as a consultant engineer, I’m passionate about delivering successful, complex and collaborative building projects, which involve working with architects, multidiscipline engineers and construction professionals.

“My commitment is to provide quality online education to students that is relevant to the construction and engineering industries, and equip them with the knowledge and skills so they may contribute to this important profession in society.”

Peta Lush
Online Course Facilitator:
Bachelor of Construction Management
Bachelor of CRIMINAL JUSTICE XBCJ

100% ONLINE unisaonline.edu.au/degrees/criminal-justice

DEGREE INFO
Selection Rank (ATAR) ........................................... NEW
Start dates ............................................................... June, September, January, April
Time commitment ........................................... 10-15 hours per week per course
Duration ................................................................. 3 years full-time
Study as ................................................................. Full-time or part-time

KEY FEATURES
Explore the inner workings of the criminal justice system and discover how it responds to crime and promotes justice for individuals and the community.

Investigate current trends and contemporary issues such as cybercrime, counter-terrorism, police investigations and intelligence, and applied criminology.

Learn about cutting-edge developments and research in criminology from academics with extensive industry experience.

Study a degree that will enhance your career prospects if you are currently working in social work, counselling or welfare support, as well as law enforcement.

CAREER OPPORTUNITIES
Policy adviser / strategic policy and planning manager / intelligence and policy analyst / correctional services officer / child protection officer

ACADEMIC SPOTLIGHT
With 20 years of experience working as a police officer in the South Australian Police (SAPOL) service, Bec brings her wealth of knowledge to UniSA as an Online Course Facilitator for the Criminal Justice degree.

“I have spent the past 12 years working in criminal justice and police education.

“I’ve developed and delivered educational programs for local communities as well as corporate, judicial and policing environments. In addition to my industry background, I hold qualifications in adult education, management, government and justice administration.

“I’m passionate about providing high-quality online teaching to students who are looking to start or advance their career in this field.”

Bec is excited to bring her expertise to UniSA Online to develop a new and innovative 100% online Criminal Justice degree that will produce graduates with the skills in demand by the sector.

Bec Medhurst
Online Course Facilitator: Bachelor of Criminal Justice

You’re eligible to study with UniSA Online if you have completed any of the following with a competitive result:

- the South Australian Certificate of Education (SACE), with a competitive Selection Rank (ATAR);
- a secondary education qualification equivalent to SACE such as an interstate year 12 or international qualification;
- the International Baccalaureate Diploma with a minimum score of 24 points;
- at least four Open Universities Australia (OUA) courses at undergraduate level or above;
- an award from a registered training organisation at Certificate IV level or above;
- Special Tertiary Admissions Test (STAT);
- a University Foundation Studies program; or
- successful completion of online literacy and numeracy test through the Australian Council for Education Research (ACER) with relevant work experience.

In order to complete your application, we’ll ask you to provide supporting documents as proof of your prior study or work experience.

Online literacy and numeracy test
If you don’t meet any of the criteria listed above, you’ll have the option to sit the online literacy and numeracy test. In order to sit the test, you’ll need to complete a UniSA Online application and provide evidence of relevant work experience.

Residency requirements
Even though this degree is taught online, you must meet the following residency requirements:

- if you are an Australian citizen, you must be a resident in Australia for at least some of your degree to be eligible for admission.
- if you are a Permanent Resident, permanent Humanitarian visa holder, or New Zealand citizen, you must be a resident in Australia for all of your degree to be eligible for admission.

Fees and finance
UniSA Online undergraduate courses are Commonwealth Supported for eligible students. Commonwealth supported students are charged a portion of the cost of their higher education through a student contribution. You may be eligible to defer payment of your student contribution via Commonwealth Government’s HECS-HELP loan schemes.

unisaonline.edu.au/fees
UniSA offers a range of other online degrees that can be studied off-campus, providing you with the flexibility to study where and when you choose. We have degrees across the following areas.

- ARTS AND SOCIAL SCIENCE
- BUSINESS
- EDUCATION AND TEACHING
- ENGINEERING
- HEALTH
- IT
- MBA
- NURSING AND MIDWIFERY

Note: Some on-campus study may be required.
