"Studying 100% online was really appealing, especially as I work fulltime. With a busy timetable, it's been great being able to email and live message my online academics and support staff whenever I needed. They've always been extremely supportive and check in regularly. Most importantly, they understand that for a lot of students, life can get in the way and sometimes things don't always go according to plan. It's fantastic knowing there are people on the other end who can relate and will do all they can to make sure you've got everything you need to achieve your very best."
