### DEFINITIONS:

Subject Area and Catalogue Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **CURR 3021**. You can search for courses by using this code.

Class Number

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

**Study Period 3, 2025 (7/4/25 – 13/6/25)**

| Subject Area | Catalogue Number | Course Name   | Class numbers                               | Notes  |
|--------------|------------------|---|---|--|
| CURR         | 3021             | <a href="#">UO Critical Approaches to Online Learning</a> | For CURR3021, enrol into class number 30148 | CURR3021 is not a compulsory course in the program structure. The aim of this course is to prepare UniSA Online students for successful online study through the development of knowledge, skills and affective qualities that promote success in higher education.  |
| <b>OR</b>    | <b>OR</b>        | <b>OR</b>   |   |  |
| INFS         | 1023             | <a href="#">UO Design Thinking and Digital Innovation</a> | For INFS1023, enrol into class number 30014 | <p>For students who already have experience with higher education, or who do not wish to undertake this course, we would suggest enrolling into <b>INFS1023</b>.</p> <p>Please refer additional notes at end of enrolment advice. For any further advice, please contact your Student Adviser.</p> <p><i>NOTE: For students who do not undertake CURR3021, they will instead enrol in an elective course later in the program.</i></p> |

**Study Period 4, 2025 (30/6/25 – 5/9/25)**

| <b>Subject Area</b> | <b>Catalogue Number</b> | <b>Course Name</b>                                 | <b>Class numbers</b>                        | <b>Notes</b> |
|---------------------|-------------------------|--|---|--------------|
| COMP                | 1043                    | <a href="#">UO Problem Solving and Programming</a> | For COMP1043, enrol into class number 40048 |              |

**Study Period 6, 2025 (22/9/25 – 28/11/25)**

| <b>Subject Area</b> | <b>Catalogue Number</b> | <b>Course Name</b>                             | <b>Class numbers</b>                        | <b>Notes</b>            |
|---------------------|-------------------------|--|---|-------------------------|
| COMP                | 1048                    | <a href="#">UO Object Oriented Programming</a> | For COMP1048, enrol into class number 60129 | Pre-requisite COMP 1043 |

**Refer notes over page.**

## NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program. If you wish to study part time, please use the Part Time Enrolment Advice document or contact your Student Adviser team for assistance.
2. Students enrol in all courses for all study periods at the beginning of the year.
3. **If you have received credit for courses, please refer to your tailored study plan and enrol into the courses that have been mapped out for you.**
4. **If you have received credit for courses but do not have a study plan, please contact the Student Adviser team on 1300 148 812 or [students@enquiry.unisa.edu.au](mailto:students@enquiry.unisa.edu.au).**

## PROGRAM NOTES:

To view the full list of courses applicable to your program, please visit the Degree Structure listed on the [Bachelor of Information Technology](#) program page.

The electives can be taken as a minor in either Business, Data Analytics, Digital Design, or Management. Two electives in the final year are required to be at an advanced level and must be chosen from the suggested electives list for this degree and must start with a 3XXX code. Other electives may be chosen from the UniSA Online electives list. Course pre-requisites must be satisfied. Speak to the Student Advisor regarding the selection and sequencing of courses to create your chosen minor.
