### DEFINITIONS:

Subject Area and Catalogue Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Class Number

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

**Study Period 6 (22<sup>nd</sup> September to 28<sup>th</sup> November 2025)**

| Subject Area                                                                               | Catalogue Number           | Course Name                                                                               | Classes                        | Notes                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

| <b>ELECTIVE</b><br> <br><b>OR</b><br> <br>CURR<br>(Curriculum<br>and Education<br>Studies) | <br><b>OR</b><br> <br>3021 | <a href="#">Elective</a><br><br><a href="#">UO Critical Approaches to Online Learning</a> | Enrol into class number: 30148 | <p>CURR 3021 is not a compulsory course in the program structure. The aim of this course is to prepare UniSA Online students for successful online study through the development of knowledge, skills and affective qualities that promote success in higher education.</p> <p>For students who already have experience with higher education, or who do not wish to undertake this course, we would suggest enrolling into <b>INFT 1024</b>.</p> <p><b>For any further advice, please contact your Student Adviser.</b></p> |

#### NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
3. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.
4. **If you have a Study Plan, please bring it to your enrolment session to assist with enrolment.**
